

**ASSERT
 YOUR
 LEADERSHIP
 BE A PATRON**

The 5th IEEE International Conference on Smart Grid Communications (IEEE SmartGridComm 2015) will provide a forum to discuss all aspects that are relevant to smart grid communication and information technologies. It will bring together researchers and practitioners from academia, industry, and government institutions, with backgrounds in communication, energy, control, signal processing, and information systems to exchange ideas, explore enabling technologies, discuss innovative designs, and share field trial experiences and lessons learned. IEEE SmartGridComm 2015 is a four-day event that attracts over 400 participants. It will feature workshops, technical sessions, keynote talks from industrial leaders and renowned academics, panel discussions, and exposition, business and industrial forums. The program will be completed with a number of social events that will allow the participants to enjoy exclusive networking opportunities.
